DIRECTORS' REPORT

Dear Shareholders,

The Board of Directors takes great pleasure in presenting the 23rd Annual Report on the business and operations of your Bank, together with the Audited Statement of Accounts for the year ended 31st March 2023.

GLOBAL SCENARIO

The Economic Survey 2022-23 comes when global uncertainties are rife. Barely had the pandemic receded, and the war in Ukraine broke out in February 2022, prices of food, fuel and fertiliser rose sharply. As inflation rates accelerated, central banks of advanced countries scrambled to respond with monetary policy tightening. Many developing countries, particularly in the South Asian region, faced severe economic stress as the combination of weaker currencies, higher import prices, the rising cost of living and a stronger dollar, making debt servicing more expensive, proved too much to handle. In the second half of 2022, there was a respite for governments and households. Commodity prices peaked and then declined. In the near term, the acute pressure was relieved, although prices of some commodities (e.g., crude oil) remain well above their pre-pandemic levels.

INDIAN ECONOMY

For India, 2022 was special. It marked the 75th year of India's Independence. India became the world's fifth largest economy. Come March 2023, the nominal GDP of India will be around US\$ 3.5 trillion. In real terms, the economy is expected to grow at 7 per cent for the year ending March 2023. This follows an 8.7 per cent growth in the previous financial year. The rise in consumer prices has slowed considerably. The annual rate of inflation is below 6 per cent. Wholesale prices are rising at a rate below 5 per cent. The export of goods and services in the first nine months of the financial year (April – December) is up 16 per cent compared to the same period in 2021-22. Although the high oil price this year compared to last inflated India's import bill and caused the merchandise trade deficit to balloon, concerns over the current account deficit and its financing have ebbed as the year rolled on. Foreign exchange reserve levels are comfortable and external debt is low.

PERFORMANCE OF BANKING SECTOR

Since the middle of the previous decade, RBI and the Government have made dedicated efforts in terms of calibrated policy measures like strengthening the regulatory and supervisory framework, implementation of 4R's approach of Recognition, Resolution, Recapitalisation and Reforms to clean and strengthen the balance sheet of the banking system. These continuous efforts over the years have culminated in the enhancement of risk absorption capacity and a healthier banking system balance sheet both in terms of asset quantity and quality over the years. Consequently, the asset quality of Scheduled Commercial Banks (SCBs) has been improving steadily over the years across all major sectors.

The Gross Non Performing Assets in banking industries has decreased from 8.2 per cent in March 2020 to a seven-year low of 5.0 per cent in September 2022, while Net Non-Performing Assets (NNPA) have dropped to a ten-year low of 1.3 per cent of total assets. Lower slippages and the reduction in outstanding GNPA's through recoveries, upgrades and write-offs led to this decrease. Lower GNPA's, combined with high provisions accumulated in recent years, contributed to a decline in NNPA. Moreover, with shrinking GNPA's, the Provisioning Coverage Ratio (PCR) has been increasing steadily since March 2021 and reached 71.6 per cent in September 2022 in overall banking industries.

CO-OPERATIVE BANKING SECTOR

Increasing competition in Banking sector, adopting latest technology, required cost outlay for technological upgradation and enhancing skill sets of human assets through continuous training, etc. are some of the challenges faced by small co-operative banks in India.

At Sree Narayana Guru Co-op Bank, we use balanced score card approach to measure how successfully we are serving our customers, stake holders and executing our long term strategy. Our score card which is based on strategy, is used to set objectives, drive behaviours, measure performance and determine the remuneration of our people making this a living tool.

In the F.Y. 2022-23, your Bank has made significant progress on several strategic objectives such as strengthening Governance and compliance standards as well as bolstering the Balance Sheet through every segment of the business and the customers.

Bank is poised for a sustained profitable growth. The Bank has all the right ingredients in place to soar higher, and improve profitability even further. Keeping the customer as our focus of everything we do, this strategic initiative has been rolled out to boost the spirit of all employees, irrespective of their role or function, to holistically deliver on the 'ONE BANK and ONE GOAL' thought, by cross selling the Bank's comprehensive suite of products and services to all our customers, and striving to improve performance in a consistent manner.

I am pleased to declare that as on 31.03.2023 your Bank has achieved the following accomplishment:

Business Mix - more than 120 crores

Business Growth - more than 15%

Deposit Growth- more than 12%

Advances Growth - more than 27%

Gross NPA reduced below – 6%

Net NPA reduced below – 3%

The above parameters of your Bank are almost at par with the Urban Co-operative Banking Sector.

The operating profit of your Bank during the year is Rs. 66.08 lakhs as against Rs. 21.07 lakhs during the last Financial Year showing growth of 213.62%.

However, Bank has to provide Rs.77.58 lakhs against total Deposits of Rs. 110.84 lakhs held with erstwhile Punjab & Maharashtra Co-operative Bank Ltd. which has now been taken over by Unity Small Finance Bank Ltd. which has issued PNCPs of Rs.88.67 lakhs bearing interest @ 1% p.a. and balance amount of Rs.22.16 lakhs is held under Equity Warrants issued by the Bank due to which Bank was compelled to sustain accumulated loss of Rs.55.92 lakhs in 2021-22. During the current year accumulated loss has been reduced to Rs.28.41 lakhs. These warrants are going to be converted into equity shares when the Bank goes public and its shares are listed in the Stock Exchanges. The Bank hopes that once the operations of Unity Small Finance Bank Ltd. are stabilised, Reserve Bank of India would permit reversal of the provision which will result in strengthening of the financial position of the Bank further.

CONCLUSION

The Board would like to inform the members that we have submitted our action plans on the Current Financial Year and as well as projections for next two Financial Years to Reserve Bank of India which is as under:

	Rs. In Lakhs		
	2023-24 (estimated)	2024-25 (estimated)	2025 - 26 (estimated)
Share Capital	650.00	700.00	800.00
Deposits	9000.00	11000.00	14000.00
Advances	6000.00	8000.00	11000.00
Investments	2500.00	2700.00	2800.00
Net Profit	60.00	90.00	125.00
CRAR	15.50	14.50	14.00
(Net Worth)	860.00	925.00	1000.00

During the Financial Year 2023-24 we are confident to wipe out the accumulated loss of Rs.28.41 lakhs by September'2023 and will achieve net profit of over Rs.60.00 lakhs by end of the F.Y.2023-24. Bank has a healthy Credit Deposit Ratio at 65.24% at the end of the last Financial Year. Since most of the advances were made during the second half of the last Financial Year, benefit of Interest Income on incremental portion of credit will start coming in the current Financial Year.

We also expect to recover the interest in NPA Accounts to the extent of Rs.40.00 lakhs during the current Financial Year. This will not only add to Bank's profitability, but also help improve Bank's Net Worth. On substantial recovery in NPA Portfolio, Bank will have surplus provision in BDDR Account leading to further improvement in Bank's Net NPA.

To reach the estimated targets as set in the above table we are taking following action points:

1. Action plans for improving CASAAccounts:

It is true that we have faced lots of challenge to improve CASA Deposits since we do not have any digital facility in the Bank. However, by migrating to new CBS Software System which is multifaceted and flexible to adopt changing market requirements, we hope to attract new Depositors and increase our CASA Deposits substantially and after introduced service of MSWIPE for QR Code with the purpose of retaining our merchant clients and also a reasonable healthy deposit in the Current Accounts. We are confident to have better CASA Deposits by the year end.

EFFECTIVE MEASURES FOR IMPROVING OTHER INCOME:

- i. We have tied up with Mutual Fund distributor for selling Mutual Fund products.
- ii. We have tied up with MSEB for Bill Collections at Mulund Branch.

All the above avenues act as source of other income, though in small proportion.

Looking ahead The Bank has been driven by governance, which reconciles Board member composition, professionalism at all levels by designing new strategic HR policy, decentralised management, investments in improved techstack by way of introducing the issuance of swipe machine and QR Code to customers for receiving payments online directly in their SNGC Bank account 24 X 7. At SNGC Bank, we are optimistic of the future now, more than ever before. The Bank possesses a strong recall for 'trust' among its customers. Ushering in, we are optimistic that the Bank is positioned at the cusp of an attractive long term growth journey.

The Bank's Board of Directors is responsible with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by ICAI, and provisions of the Banking Regulations Act, 1949, the guidelines issued by the Reserve Bank of India and the guidelines issued by the Registrar of Co-operative Societies, Maharashtra Co-operative Societies Act, 1960/2013, Maharashtra Co-operative Societies Rules, 1961/2014 from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Acts for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.
5. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Management's Responsibility for the Financial Statements

6. Management is responsible for the preparation of these financial statements that give true and fair view of the financial position and financial performance of the Bank in accordance with the Banking Regulation Act 1949 (as applicable to co-operative societies), the guidelines issued by the Reserve Bank of India and the guidelines issued by the Registrar of Co-operative Societies, Maharashtra, the Maharashtra Co-operative Societies Act, 1960, and the Maharashtra Co-operative Societies Rules, 1961, (as applicable) and generally accepted accounting principles in India so far as applicable to the Bank. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of the financial statements that are free from material misstatement whether due to error or fraud.

Auditor's Responsibility

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
